

CR-412

Developed for 'mammoth' size AT-6, HARVARD,
WIRRAWAY and BOOMERANG type aircraft up to 15KG.
Supplied with 1/2" diameter OLEO legs.

Specifications and features:

1. 19mm diameter air ram.
2. 6061 T6 extruded aluminium low profile, tapered main body.
3. Brass trunion block.
4. Oleo legs constructed from 4130 aircraft grade cro-moly tubing [1/2" & 3/8" x .035"].
5. Investment cast stainless steel scissor links.
6. ALL metal construction.
7. Supplied with axles.
8. Supplied with a complete air system.

Operation:

These retracts are supplied with a 12 degree, forward angled cam, which allows a far easier set-up technique for correct scale installation and oleo location in both the extended and retracted positions.

****The oleo length is manufactured to each customer's individual requirements.**
